### Race notes:

A fabulous weather morning greeted paddlers today. And, what a change - there were people everywhere and lots of activity on the beach. Hopefully this will see the start of some great paddling weather to come. Conditions were relatively good but still a little challenging for some paddlers. Overall we saw some of the best times on the course for some time with Rob Nicol setting a cracking pace with a new course record for the Summer Series of 53:01 taking out both the Scratch and Handicap honors - well done Rob.

Duncan and Steven put in their usual good performances with Armando finishing off with one of his best paddles for a while finishing 3rd in the Handicap section.

A big welcome to the new paddlers who attended - Joanne, Eamonn and Anthony. We hope to see you at many more events to come.

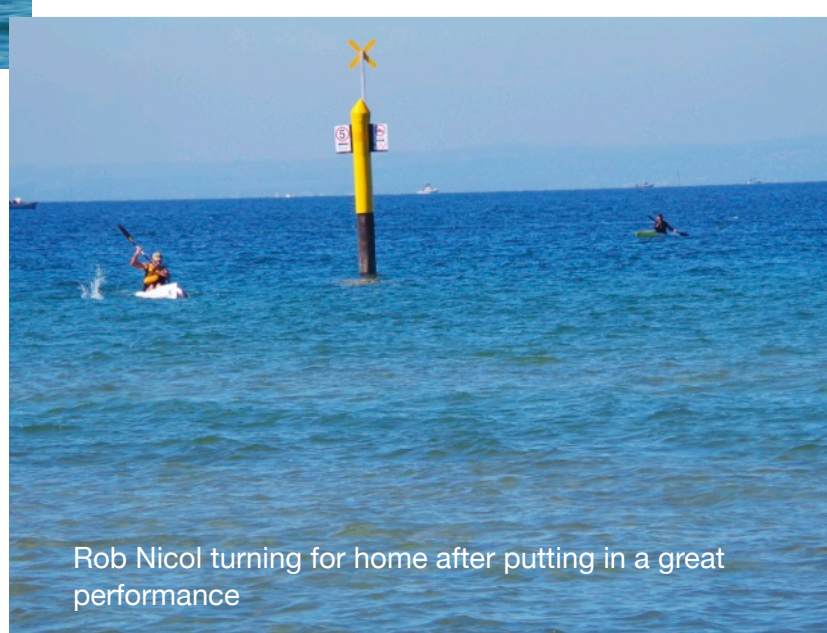

A special mention to our only female paddler on the day - Joanne Davis, who did very well in one of the first ocean events she has entered.

Turning at Mordialloc Pier

Enrique and Rob battling it out on the course

Rob Nicol turning for home after putting in a great performance
