

# GATH FV

## Colours

GATH Fixed Visor is a cross between the Gath RV and Gath Hat. The visor is fixed in position as a 70mm extension of the shell maintaining a very close fit and total peripheral vision.

## Size Chart

Helmet Size	Fits Head Size
Small	Up to 560mm
Medium	560mm - 580mm
Large	580mm - 595mm
X Large	595mm - 600mm
XX Large	600mm - Above

This sizing chart is a guide only, as head shapes vary.

Measurements should be taken around the head - mid forehead, just above the ears.

## TECHNICAL INFORMATION

Enjoy your sport longer

Many hardcore sports crew who are in their 30's, today suffer eye, ear and skin problems which are the result of time hard at it without adequate protection since their mid to late teens.

With crew as young as 6 or 7 already carving in most sports today, the potential for such problems is greatly increased and with it the potential for long term health disorders.

Add to that the high level of radical performance that today's sports demand and there is a clear-cut case that using adequate protection is a smart alternative. None use of adequate protective gear must increase the risk of injury. Avoid years of pain, medical expense and possible fatal injury and enjoy your sport longer.

### **Best travel insurance**

Nothing will ruin your holidays as quickly as accidental head injury, (even minor cuts requiring stitches), especially when travelling to remote areas. The Gath helmet is an inexpensive form of insurance that may minimise the risk of injury and help ensure a good time.

### **Reduce the risk of head injury**

Treatment for head injury can be painful, costly and complicated. Wearing a Gath helmet will help prevent serious injury and could save your life.

### **Extra confidence**

Many users of Gath say wearing head protection provides extra confidence to really go for it.

Please note : Gath Headgear offers some protection against impact injury and may build confidence? however, it is no substitute for common sense and may not afford protection from serious injury or death. Gath Headgear is not recommended for use on roads or highways or for use as a crash helmet.

### **Avoid ear ache**

Gath's unique audio system opens to improve hearing and ventilation  
OR  
closes to shut out cold wind chill to help avoid ear ache and long term ear problems.

### **Gath performs so well**

After a few sessions, Gath performs so well you forget you're wearing anything on your head. Like most equipment, it takes a little getting used to. At first the sensation of having your head enclosed is strange but quickly you feel comfortable in Gath. Use your Gath a few times before making any judgements about it, especially in water sports - and soon you will feel naked without it. Certainly the high usage of Gath by many pros and freestyle extremists is proof that Gath makes sense and is ideal for many sports.

### **Stops neck rash**

Gath's lycra rash sleeve prevents neck rash for maximum comfort during long sessions.

### **Total comfort**

Gath's lightweight streamlined design and soft foam cushion provide total comfort and freedom of movement.

### **Best ever fit**

Gath's patented design provides an ultra snug stable fit.

### **Extra cover**

Anyone who is knocked unconscious in the water runs a very real risk of drowning. Gath covers the temple area and ears to help reduce this risk.

### **Avoid sunburn, face and eyes**

The Gath Retractable visor protects your face and eyes against damaging sunlight and stinging salt spray.

### **Avoid sun damage**

The Gath visor provides more than 98% UV protection to the face and head and helps prevent deadly skin cancers forming.

### **Lightweight layer of defence**

Gath's 2mm thick shatter proof plastic shell combines with a moulded soft foam lining to provide an ultra lightweight layer of defence

### **Latest space age plastic**

Gath is made from the latest space age high impact resistant plastics designed to withstand years of exposure to saltwater and direct sunlight

### **Gath's innovative audio system**

Gath's innovative audio vents rotate to open  
OR  
Close and are fitted with an interval release button which when pushed allows easy rotation

### **Strong rust-proof attachments**

Gath is built to last for years and is made with quality strong rust-proof attachments

### **Secure chinstrap**

Gath Helmets are secured by strong nylon webbing to stay on no matter what you put it through

### **Quick ejector button**

Gath helmets are fitted with an easy to operate strong plastic release button

### **Lycra rash sleeve**

A soft Lycra material sleeve is fitted over the chinstrap webbing for added comfort

### **Moulded soft foam liner**

Gath's soft foam lining is moulded from a closed cell non-water absorbent foam and is uniquely shaped for rapid water drainage and maximum comfort

### **Gath's patented headband**

Gath's innovative expandable neoprene headband automatically adjusts to your head size for superior snug fit

### **Gath's unique shape**

Gath is uniquely shaped with a high cut shell for total peripheral vision and extends down over the temple and ears for extra cover

### **Shatter proof fixed visor**

The Gath Fixed Visor is made from the latest high impact shatter proof plastic and offers extra face and eye protection against direct overhead sunlight to help avoid sore eyes and sunburnt face.

### **Virtually 100% UV protection**

The Gath Retractable Visor is made from the latest UV stable plastics which blocks out more than 98% UV sunlight
